

## Grip It<sup>®</sup>

Grip It<sup>®</sup> is an extremely comfortable nylon liner with a lightweight nitrile coating that provides excellent grip and has high abrasion resistance. Snug fitting to give maximum dexterity, the seamless knitted liner is extremely flexible and comfortable to wear. The back of the hand has been left uncoated to provide ventilation keeping the hands cool and dry, and the elasticated wrist further enhances the fit and ensures that the glove fits securely. As well as providing excellent dry grip, the nitrile coating also provides a good grip in oily conditions. A fully coated version is available for when extra protection is needed.

### Typically used for:

- Component Handling
- General Assembly
- Electronics
- Light Engineering Work

### Case Quantity:

10 pairs per polybag  
120 pairs per case

Size	White/Grey	Blue/Grey	Fully Coated	Length
