

Long John™

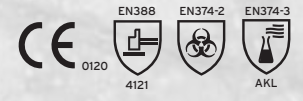

Long John™ is a PVC coated gauntlet on a cotton liner with an integral PVC sleeve. This PVC gauntlet performs well to protect against acids and alkalis, and attains a maximum EN388 score for abrasion resistance enhancing its mechanical protection and durability. The integral PVC sleeve is secured by an adjustable VELCRO® strap that extends protection to the upper arm. The extra long length makes it ideal for working in deep water and will keep the wearer clean in dirty environments. The cotton lining of the gauntlet is soft and absorbent keeping the hands cool and comfortable in prolonged use.

Typically used for:

- Chemical Handling
- Fish Farming
- Drainage Works

Case Quantity:

6 pair per polybag
36 pairs per case

Size	Code	Length
